RYAN CREARY

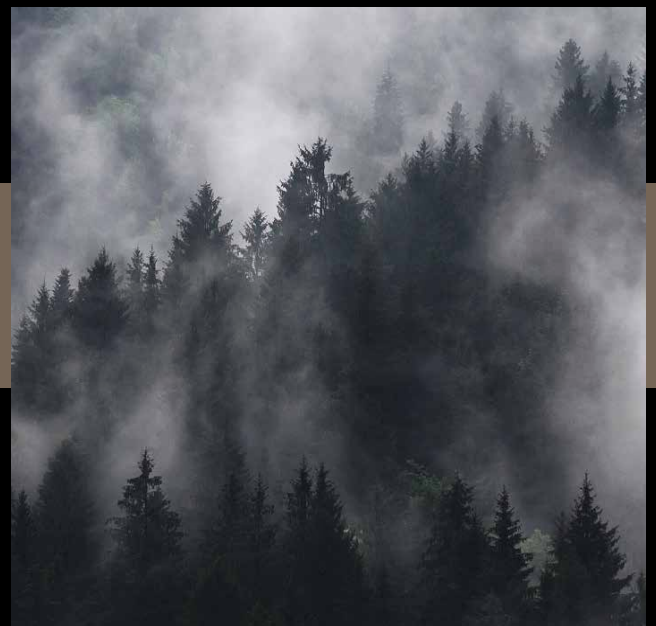

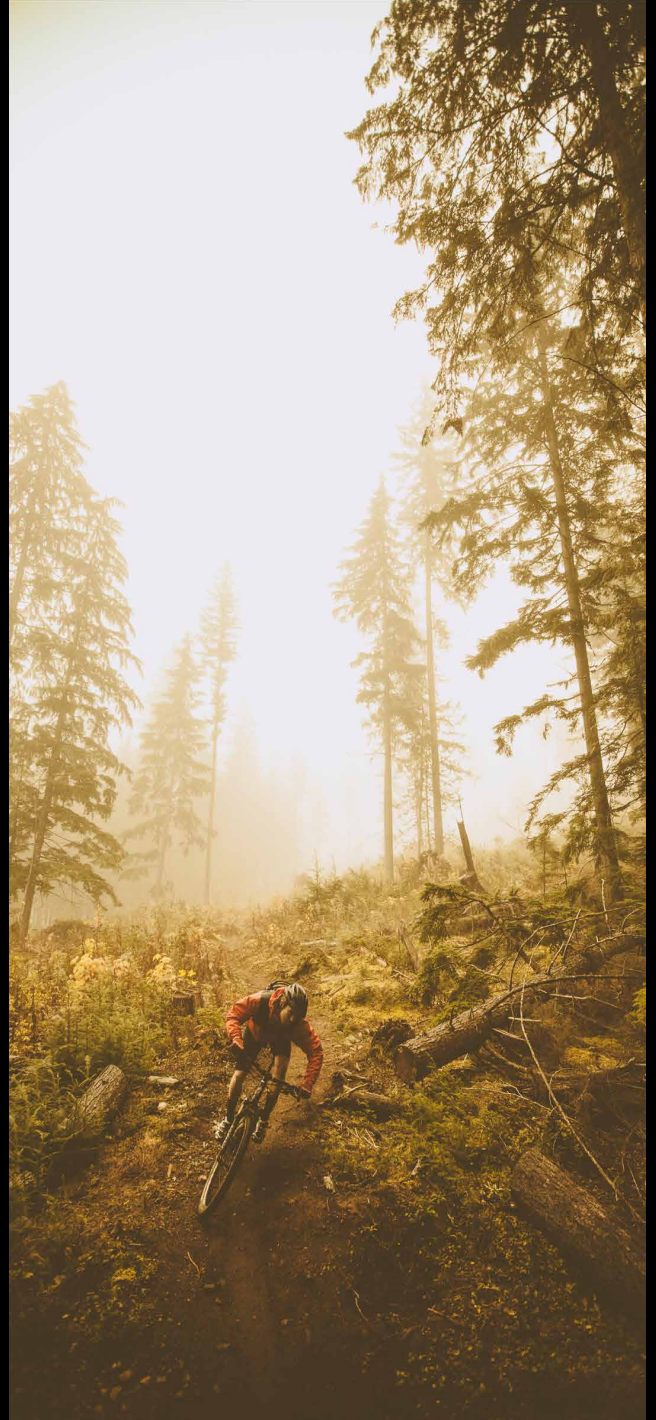

ABOUT REVELSTOKE

Nestled in the prestigious Upper Arrow Heights neighbourhood of Revelstoke, a distinctive array of eco-forward community homes embracing safe, luxurious and healthy family living. And best of all, our homes will all be incredibly energy efficient.

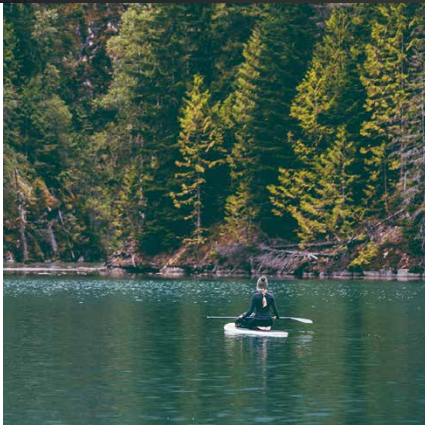

Embracing an outdoor recreational lifestyle has never been easier; enter our fine collection of modern farmhouse style homes, duplexes and townhouses. Each provide affordable luxury while respecting the environment and limiting our carbon footprint. Responsible, luxurious and state of the art. That is stokedliving!

www.stokedliving.ca

STEPS FROM NATURE

Stokedliving is Revelstoke's most collegial, walkable neighbourhood outside of downtown - where parks, cafes, amenities and every modern convenience is just a short stroll away.

Steps to Scenic River Walks Columbia River

"Best dammed river in
British Columbia!"

Breathtaking Mountain Tops Mount Mackenzie

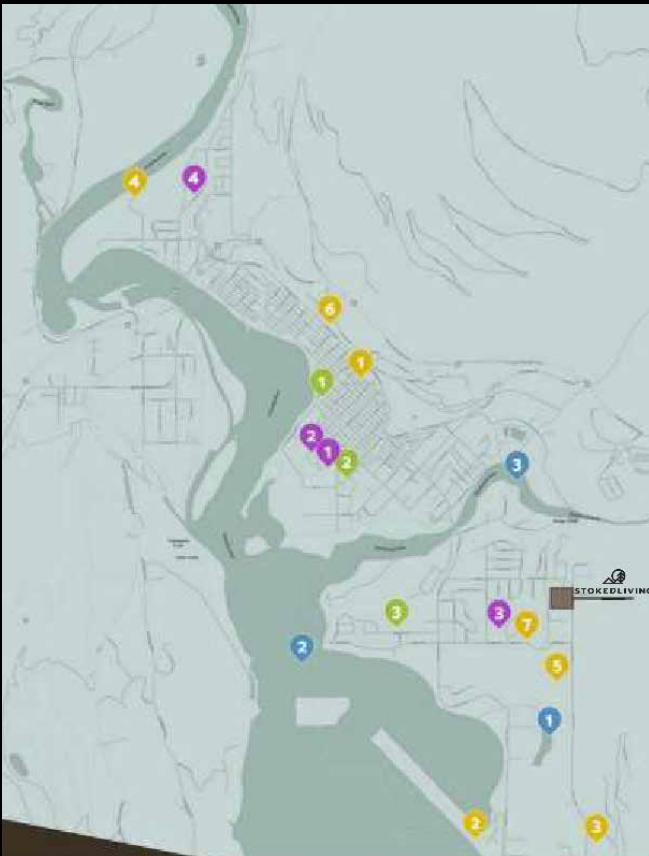

Named for the Right Honourable Sir Alexander
Mackenzie, the second
Prime Minister of Canada.

OUR BEAUTIFUL COLLECTION OF HOMES

At stokedliving we know that living your best life involves spending quality time outdoors. That's why we created great outdoor spaces, added not one but two parks to the neighbourhood and are providing a street that is friendly and usable by anyone with two, or four feet.

With back lanes and additional visitor parking we give space for visitors but get cars out of the way. We want to see kids riding bikes, playing road hockey, people walking dogs and the kind of neighbourhood that fits Revelstoke best. After all, people come to Revelstoke for the outdoors but stay for the community.

POINTS OF INTEREST

1. Downtown Core
2. Revelstoke Airport
3. Revelstoke Mountain Resort
4. Revelstoke Golf Club
5. Cabot Pacific Golf Course

EXPERT DESIGN

Triple-pane aluminum windows and exterior doors imported from Europe, 2x10 cellulose insulated walls, hardwood fiberboard insulation - just a few of the special touches your Step Code 5 stokedliving home will offer.

Built by state-of-the-art robotics in British Columbia, your home's one-foot-thick walls will be assembled in a dry, controlled environment and site installed within a few days. This further advances the building quality as it avoids the exposure of building materials to the elements.

Sustainable living, built to last. Our energy-efficient homes, crafted with eco-forward technologies, offer a legacy for generations.

The addition of heat pumps will cool your home in the summer and warm your home in winter, making the most of Revelstoke's changing weather patterns. No detail has been overlooked while planning this collection of your outstanding new home.

Super soundproof walls in all units will ensure peace and quiet for all residents. Our newest collection of townhomes have a flex-space that can be used for many purposes.

SINGLE FAMILY HOME FEATURES

YOUR HOME WILL BE TO BE EQUIPPED WITH THE FOLLOWING

Kitchen: Appliance and Cabinets

Experience a new level of culinary excellence in your upgraded home with our top-tier appliance collection. Enjoy the sleek design and cutting-edge technology, along with the convenience of soft-close doors and taller cabinets that offer plenty of storage. Show off and preserve your favorite bottles with the built-in wine cooler—an elegant finishing touch to your transformed kitchen.

Note: Upgrade main kitchen: Bosch appliance package available. No upgrades in the suite kitchen.

Electrical Fireplace

The electric fireplace offers customizable heat settings and realistic flames for year-round comfort. Easy installation and no venting required.

Interior

Experience the perfect blend of luxury and function in your upgraded home interior. Enjoy a spacious walk-in closet, in-floor heating in the master ensuite, main bathroom, and powder room, as well as extra vanity drawers and double sinks in both the ensuite and main bath. Unwind in the large master shower with frameless glass. Stay effortlessly organized with built-in storage solutions and illuminated closets equipped with energy-efficient LED lighting. A sleek, modern powder room vanity completes the elevated design.

Hot Tub Wiring Rough In

Anticipate your desires with our deck hot tub wiring rough-in. Ready to accommodate a future hot tub, this feature adds an element of relaxation and indulgence to your space.

Extra Patios

Your home's exterior is now even more inviting. Choose from a range of premium patio options, including sleek concrete or durable composite. Our expert team will design and install a patio that perfectly complements your home's architecture, creating a stunning outdoor space for relaxation and entertainment.

Air Conditioning

Your home's comfort has been elevated with our upgraded air conditioning system. Experience superior cooling performance, reduced energy costs, and improved indoor air quality. Our advanced system delivers optimal temperature control, ensuring a refreshing environment throughout your home.

Well Insulated and Energy Efficient

Elevate your comfort and sustainability with our well-insulated, energy-efficient homes. Enjoy optimal temperature regulation and lower energy bills without compromising on comfort. Experience eco-conscious living at its finest.

EV Charger Conduit Garage

Prepare for the future with our EV charger wiring to your garage. Streamline installation and embrace eco-friendly living effortlessly.

Solar Ready

Your home is equipped and ready for easy solar system installation.

Legal Suite: Separate Kitchen and Living Area

Every Lynx home now includes a private 1 bedroom suite, offering a separate kitchen and living area. This versatile space can be tailored to your lifestyle, whether you envision a serene home office, a cozy guest suite, or a potential rental income opportunity. With an extended garage and additional lockable storage, you'll have ample room for your belongings and outdoor gear. Elevate your living experience with the luxury and convenience of a private suite.

SUPERIOR BUILDING SUPERIOR EFFICIENCY

In combination with our superior quality triple-pane windows, we are confident to say that our homes use about 80% less energy than conventional houses. All our houses at stokedliving will meet Step Code 5 – an energy efficiency standard that will only become mandatory

in 2032. This is what we call future proof. Insulating the walls with hardwood fibre board and recycled cellulose not only helps to create an extremely energy efficient building, but also drastically reduces the greenhouse gases emitted to build the home. FUN FACT: In producing the walls, more greenhouse gases are REMOVED from the atmosphere than emitted into it! This is what is called a “carbon negative” build.

COMFORT & EFFICIENCY

-  High-Efficient Triple Pane Low-E Argon Filled Windows
-  Tilt & Turn European Engineered Windows
-  Energy Recovery Ventilation (ERV) System
-  Electric Baseboard Heaters Throughout
-  Electric Point of Use Hot Water Heaters
-  Programmable Thermostat
-  Paradigm Super High-Efficient Walls & Roof

WARRANTY

-  New Home Warranty
 - 2 Year materials
 - 5 Year building envelope
 - 10 Year structural coverage
-  Independent Third-Party Inspection

www.stokedliving.ca

STEP CODE 5 WILL BE REQUIRED FOR ALL NEW HOMES
AND BUILDINGS IN BRITISH COLUMBIA BY 2032!

MONEY IN YOUR POCKET - SOLAR REBATES & GREEN HOME MORTGAGES

Right now, BC Hydro will cover up to 50% of your cost for installing your photovoltaic system and batteries.

It's a total win-win - and how often can you say that?

Solar panel rebates:

BC Hydro is offering funding of up to \$5,000 for installing a solar system.

Battery storage rebates:

BC Hydro also offers funding up to \$5000 for installing solar batteries.

WWW.PARADIGMSOLAR.COM

Paradigm homes qualify for most green home mortgages!

Check with your local banks to find out how:

- Longer amortization periods
- Lower interest rates
- Financing for upgrades
- Cash rebates to settle into your new home
- Increased purchasing power
- Access to green home grants and incentives

E&EO: Rebate programs and eligibility criteria are subject to change.

Please consult with BC Hydro directly for the most current information and to confirm your eligibility.

Developer reserves the right to make changes to the design, specifications, materials, and features of the homes without prior notice.
